BRIEF ABSTRACT OF LETTER.

Submits for the orders of Govt. certain suggestions as to
Part II of the Monthly Volume of Govt. Proceedings with a view to economy
in printing.

NOTES AND ORDERS.

- 1) Subd. for orders. The suggestion amounts to a departure from
the existing practice and is based on the style followed elsewhere.
Saving of paper & less labour are proposed to be secured thereby.
- 2) Form 5 would, if adopted, seem to leave matters ~~as~~ as
they are with a slight change in form.

TO

D. M. NARASINGA RAO, Esq., B.A., B.L.,
Secretary to Govt., General Dept.

SIR,

I have the honour to submit herewith, with a view to economy in printing, some suggestions as to Part II of the Monthly Proceedings. The method suggested has been followed for some time in Madras and is now being adopted in Bengal, with very beneficial results.

2. There are six different styles now submitted. No. 1 is practically that followed in Madras. Out of the six, one may, perhaps, be evolved, which would meet our requirements.

3. The result of setting the matter in this way would be economy all round. Taking the last twelve issues of Proceedings, the total number of pages of Part II amounts to 1351. If the proposed change be adopted, there would be a reduction of about 50% in this amount, with a corresponding reduction in paper, printing and binding, and considerable time would also be saved.

4. If you think the matter worth considering, I shall be pleased to discuss it personally with you or the Branch responsible for the issue of the Proceedings.

I have the honour to be,

Sir,

Your most obedient servant,

C. H. Yates

COMPILATION OF ORDERS REGARDING
THE *WEEKLY* AND *MONTHLY*
PROCEEDINGS VOLUMES OF GOVERNMENT.

MEMO OF INSTRUCTIONS.

Orders having been passed regarding the printing, from the beginning of the current official year, of the Weekly and Monthly Proceedings of Government in the form that was in use before the 1st July 1904, the following instructions are issued for the guidance of the Branches.

1. Case-workers will be relieved of the duty of writing up current abstracts which are no longer necessary.

2. The case-workers should devote greater attention than at present to the correct preparation of the red-ink abstracts in the notes. The abstracts of issues will in the case of proceedings appearing in Part II. be typed or copied, at the time of recording, in the form of the press copy of the old monthly proceedings volume. But they will be independently drawn up and not be merely a reproduction of the last red-ink entry in the notes. As regards Part I all important orders should go into it as was being done before 1st July 1904. The clerk now writing up the weekly abstracts will work as an assistant to the Branch Recorder. In Branches where there is no separate weekly abstract writer, the Superintendent should arrange to detail a clerk to assist the Recorder. As the work of writing up of the current abstracts is saved, it should be possible to find an additional hand in each branch to attend to the preparation of the Press Copy of the proceedings volumes, of the indexes to the proceedings and of the recording of the collections.

3. The abstracts of all issues except reminders will appear in chronological order in Part II. In the column of No. the file and serial No. of the issues will be given in addition to the Despatch Sheet No. Part I will also be chronological and both will be sectional. Under each date, the issues of each section will be grouped together and entered in the Press Copy.

4. The Press Copy of the proceedings for July should be prepared with the least possible delay and sent to the Press.

5. In the Manuscript original marks to indicate the authorities (other than Secretariat Officers) by whom the orders are passed should be noted so that on receipt of the weekly volumes the disposals by the respective authorities may be noted from the marks in the original. The marks

in the original may be some symbols the meaning of which is known to the office and not to the Press. The employment of such symbols will prevent a reference to the original collection for marking disposals by the respective authorities.

6. The writing up of the current abstracts will at once cease and the proceedings for August will be prepared in the new form.

7. The indexes to be prepared by the Branches will not hereafter be sectional but for the whole Branch. Branch indexes will be sent to the Special Establishment for their consolidation into one index for the proceedings of all the five branches. This consolidated index will be sent to the Press for being printed with the monthly proceedings.

8. Only three days will be allowed for completing and sending to the Press the proceedings of each week and the Press will be given only four days for sending the proofs so that within seven days after the close of a week the proceedings should be ready in print for submission to the Dewan and Councillors.

The index will be for the month, but it should be prepared as the proceedings are recorded. The index slips will be collected and arranged as soon as the month closes and sent to the Special Establishment. As the proceedings will hereafter be printed in chronological order, each month will be considered as consisting of 4 weeks as follows, 1st to 8th, 9th to 16th, 17th to 23rd and 24th to the end of the month.

9. The proofs of the weekly parts should be corrected by the Branches so far as their sections are concerned and then returned to the General Branch for being sent to the Press.

*Secretary to Government,
General and Revenue Departments.*

15th August 1906.

READ—

Letter No 1173, dated the 5th June 1906, from the Superintendent of the Government Press, representing that since the introduction of the new form of the proceedings volumes, the get-up of which is of a complicated nature, the work connected with the printing of the proceedings has trebled itself, and requesting additional establishment to cope with the work.

ORDER THEREON:— Government Order No. G. 1297-1302—G. M. 112-05-10, dated 16th August 1906.

Office Memorandum No. G. 4540—G. M. 72-07-5, dated 30th January 1908.

In continuation of Government Order No. G: 1297-1302—G. M. 112-05-10, dated 16th August 1906, and of the Memo of Instructions, dated 15th August 1906, issued regarding the compilation of the Monthly Proceedings Volume the following additional instructions are issued for the guidance of the Branches with reference to paras 2 and 3 thereof.

2. The following matters will hereafter be omitted from Part I :—

(a) Local Fund and Municipal Budget orders with appendices thereto.

(b) Orders on Departmental Reports and periodical returns which may not be considered to be of sufficient importance.

The orders passed thereon will appear in abstract in Part II. In doubtful cases the Superintendents will obtain the instructions of the Secretariat Officers in charge of Branches.

3. The following matters will be omitted from being abstracted in Part II of the Monthly Proceedings Volume:—

(1) Reminders.

(2) Petitions returned or merely forwarded to the Deputy Commissioners and Heads of Departments for disposal.

(3) Requisitions for further information or report except when they contain general observations of importance.

(4) Issues relating to transmission of reports, returns and proceedings to Heads of Departments in the State, and of lists of dutiable articles from the Civil and Military Station Municipality to the City Municipality and *vice versa*.

(5) Issues relating to the statements of Municipal and District Fund Meetings.

(6) Proceedings of Meetings.

(7) Issues relating to the grant of copies of Government Orders or other public documents.

(8) Issues relating to the return of enclosures to various offices when by oversight they are not sent while forwarding the orders of Government.

(9) Endorsements to officials of the Secretariat regarding the grant of leave.

Since July 1904, the Monthly volumes of proceedings have been printed in 6 parts, five for proceedings issued in the 5 Branches of the General and Revenue Secretariat and one proceedings issued in the other Secretariats. The 5 volumes issued from the General and Revenue Secretariat are not adapted for consultation by officers outside the Secretariat. Even for Secretariat Officers they have been found to be inconvenient for reference, as they are incomplete in certain respects and superfluous in others. Their bulkiness and complexity and the labour involved in their preparation have added materially to the work of the Central Press, and caused much delay in issuing the volumes. After the experience of the past two years, Government consider that the old form of the monthly volumes is more suitable in all respects and direct that the same be revived accordingly. Each month's proceedings of Government in the General and Revenue Department will be bound in a single volume along with the proceedings issued in other Secretariats with a consolidated index.

2. This reversion to the old form will minimise the work in the Press and obviate the necessity for the additional establishment asked for by the Superintendent in his letter read above.

3. The manuscript proceedings will be sent to the press day by day as they are ready. The proceedings in the volume will appear in chronological and (in the case of the General and Revenue Secretariat) in sectional order; and, as was the practice before July 1904, the weekly parts will be printed and furnished within four days of the receipt in the Press of the last batch of the proceedings for the week. The number of weekly volumes to be supplied is 22.

4. It is requested that the index slips for all the proceedings of every month may be sent within three days after the close of the month to the General and Revenue Secretariat for consolidation in a general index for the whole volume.

General and Revenue Departments.*

To The Secretaries to Government in the Military, Muzrai,
Public Works, Railway and Geological Departments.
The Superintendent, Government Press.

- (10) Endorsements to District Magistrates forwarding export and journey licenses received from the Residency.
- (11) Issues relating to the transmission of Insurance Proposals to the Insurance Secretary.
- (12) Requisitions to the Press for spare copies.
- (13) Issues relating to the transmission of spare copies to subordinate offices.
- (14) Transmission of reports and periodical returns to the Residency and Foreign Governments.
- (15) Matters entered in the Monthly Proceedings Volume as "Confidential."
4. In all other respects the Memo of Instructions, dated 15th August 1906 will be strictly followed.

C. S. BALASUNDARAM IYER,
Offg. Secretary to Government,
General and Revenue Departments.

Government Order No. G. 4547-52—G. M. 72-07-6, dated 30th January 1908.

In G. R. S. Office Memorandum No. G. 4540—G. M. 72-07-5, dated 30th January 1908 instructions have been issued for the omission of relatively unimportant matter from the Monthly Proceedings Volumes with a view to reduce their bulk and similar action will also be taken by Secretariats of Government.

2. As regards the printing and get up of the volumes the other the following instructions are issued :—

(i) The size of type for Part II of the monthly volumes will be reduced from "pica" to "long primer."

(ii) The pages of the weekly and monthly volumes

Revenue	Reference No.
Sec. 1. Land Revenue	I. Rev.
Sec. 2. Land Survey, etc.	I. Rev. Sec. 1.
Financial, etc.	I. Rev. Sec. 2.

Military	V. Gen.
Muzrai	VI. Mil.
Public Works	VII. Muz.
Railways	VIII. P. W.
Geological	IX. Rys.
	X. Geol.

will not be consecutively numbered, but for purposes of reference each page will bear at or near the top right hand corner a reference number specifying the Branch and Section as noted in the margin.

The pages of each Section will be consecutively numbered.

- ii) Of proceedings that should be included in Part I, and be printed in extenso, a sufficient number of copies for "Due date," "Weekly" and "Monthly" issues will be printed off at once so as to avoid remaking up the matter.
- iv) All proofs will be sent by the Press to the Secretariat and should be very carefully corrected once for all by the Branches concerned. Proofs of Part II will be sent by the Press in weekly parts and should be very carefully corrected and returned without delay.

3. The above procedure will be followed from 1st January 1908, the change of the size of type for Part II being however made as soon as the Press provides itself with the requisite quantity of type and other materials.
